term of eighteen month's for manslanghter, owns some of the best mining claims about Nevada, in Gilpin county, and is reported to be worth \$75,000 or \$100,000. His case was carried through all the courts, lasting nearly three years, and conducted by the best counsel in the Territory. He has spent \$30,000 in the effort to get clear. Mackay gained the high opinion of officers and all with whom he had to do, and during his confinement in jail here was allowed regularly to go alone to his meals at Charplot's and elsewhere, and the night before he was taken to Canon City, unaccompanied went over and had an hour's chat with Judge Bromwell. He was always prompt to his word, and it is believed by officers here that he could have been trusted to go alone to the penitentiary and deliver himself up .- Denver, [Col.] Tribune.

A NOVEL STEAM ENGINE - Among the articles displayed in the machinery department of the Maryland Institute exhibition, which closed on Friday last, Gilbon's rotary engine deposited by Hiram Young, esq., of York, Pennsylvania, attracted a large share of attention. This engine is of the smallest possible size, weighs one bundred and forty-five pounds and has a capacity of five-horse power. Unlike piston engines it has a fly wheel for its momentum, which loses no power whatever in its motion. It has an improved packing arrangement, and is economical in every way.

EFFECTS OF THE PANIC.

As severely as the present stringency in money matters effects merchants and the public generally, it nevertheless, in many instances, bears good results, as one of the latter may be cited that we can now offer to the public a large, fine and well selected stock of HATS, comprising all the latest styles, at greatly reduced prices. Having bought them in New York at a forced sale at panic prices for cash, we unhesitatingly assert that we can sell them at fifty per cent less than regular retail prices.
